

UST Secure

A Program Designed to Safeguard Nonprofits

UST is dedicated to helping nonprofits ensure compliance and protect assets by offering the latest HR resources and unemployment claims management tools. In addition to these workforce solutions, UST offers a fully insured program, called **UST Secure**—providing full coverage for claims within the year as well as access to expert claims advice and HR services.

What is UST Secure?

The UST Secure solution provides nonprofits access to the following services:

Unemployment Insurance with No Deductible

Local Unemployment Hearing Representation

Live HR Hotline & Employee Handbook Builder

HR Compliance Library and Training Tools

Claims Management Resources

Outplacement & Career Transition Services

Asset Protection & Savings

Already working with more than 2,200 nonprofit participants from the across the nation, UST aims to provide nonprofit organizations with workforce solutions that reduce costs and strengthen missions.

Since no nonprofit employer is alike, UST Secure is a unique program created in partnership with Ohio Indemnity Company to deliver an insurance solution specifically for 501(c)(3) employers.

UST Secure helps reduce overhead costs, while providing ongoing protection and peace of mind. UST Secure is another way UST can offer financial relief to its members (i.e. through ongoing administrative support, financial guidance and expert HR resources.)

Tailored to Your Nonprofit's Needs

While unemployment claims are unavoidable, UST Secure allows you to maintain control of your unemployment funding—protecting your assets and cash flow from unexpected volatility. Your annual fee will be customized based on your organization's annual wages and experience with unemployment claims—protecting you from a shared risk or shared expense.

To determine if UST Secure is the right option for your organization, submit a free Unemployment Cost Analysis at www.chooseust.org/request-a-savings-quote or contact one of our dedicated Cost Advisors at 888-249-4788 or info@chooseust.org.

It is nice to have a team of people behind your organization for something that can seem out of your control." — *Center for HumanServices*
