Refined Resources to Meet Your Nonprofit's Needs

Since 1983, UST has supported nonprofits with the latest HR resources and unemployment claims management tools to help keep more money within the nonprofit community. Because no nonprofit employer is alike, UST now offers a modified selection of its most popular cost-saving services alongside its traditional UST Trust solution—**catering to both tax-rated and direct reimbursing nonprofits.**

► What is UST Support?

UST Support provides exclusive access to the following services:

- **Professional Claims Administration**
- **Professional Representation at Appeal Hearings**
- **Outplacement & Career Transition Services**
- **CaseBuilder Online Claims Management**
- **Live HR Hotline, Online Compliance Library and Training**
- **Budget Guidance from Certified Actuaries**

► How to Determine Which Program is Best for You

UST encourages every eligible nonprofit to start their unemployment cost assessment by submitting a free Unemployment Cost Analysis at www.ChooseUST.org/savings.

By evaluating your unemployment claims history, number of employees, and tax rate information (if not yet reimbursing), UST can help determine which of our programs would best meet your needs.

For the first time, you can access all of UST's industry leading unemployment claims and HR management tools for a flat, pre-determined fee based on your needs—allowing you to put more time and energy toward your mission-driven objectives.

► What if Your Nonprofit Organization is Already Tax-Rated

UST Support has several features designed to help tax-rated employers better manage their unemployment costs. A tool many organizations benefit from is rate forecasting—an aid used to help with budgeting and cash flow management. And, our claims administrator can help you decide whether a voluntary contribution can be used to lower your unemployment tax rate.

Contact a UST Workforce Consultant at 888-249-4788 or info@ChooseUST.org to uncover the best-fit solution for your nonprofit today.

"It is comforting to know that we can depend on UST to keep our best interests in mind."
